## EDUCATION

---

### Dian Nuswantoro University

Aug 2019 - Aug 2023

Bachelor of Science in Computer Science (GPA: 3.95 / 4.0)

**Courses:** Software Development, Android Development, Flutter Development

## EXPERIENCE

---

### Visi Prima Nusantara

Apr 2023 - Present

Android Developer

Jakarta, Indonesia

- Developed assessment and dashboard features for Portal Sekolah Exam, improving evaluation workflow.
- Implemented absence management and profile features within Portal Kerja HRMS, streamlining HR processes.
- Contributed to the development of Portal Kampus, Portal Kampus LMS, Portal Sekolah, adding features that enhanced the online learning experience.
- Migrated legacy XML interfaces to Jetpack Compose, resulting in improved application performance and a modern UI.

### Freelance

Nov 2023 - Present

Android & Flutter Developer

Remote

- Developed Soapmate soap calculator as a full-stack application, utilizing Android native (Jetpack Compose) and Flutter web, showcasing proficiency in cross-platform development.
- Developed MooMooBee cashier application, employing Android native and Flutter web to create a seamless user experience across platforms.

## PROJECTS

---

### Soapmate - Soap Calculator App

Technologies: Kotlin, Jetpack Compose, Dagger Hilt; Flutter, GetX

- Designed and Developed dual-platform application (Android native, Jetpack Compose; Flutter web, GetX), adhering to Clean Architecture principles.
- Implemented a maintainable and scalable architecture using Clean Architecture, enhancing code quality and testability.

### MooMooBee - Cashier & Admin App

Technologies: Kotlin, Jetpack Compose, Dagger Hilt; Flutter, GetX

- Designed and Developed a dual-platform cashier and admin application for a fashion store, utilizing Android native (Jetpack Compose, Dagger Hilt) and Flutter web (GetX, Clean Architecture)
- Implemented Clean Architecture across both platforms for maintainability and scalability.

### Portal Sekolah Exam - Assessment App

Technologies: Kotlin, Jetpack Compose, Dagger Hilt

- Collaborated on the development of an assessment application, implementing dashboard, assessment, and submission detail features.
- Utilized Jetpack Compose, Clean Architecture, and Dagger Hilt to create a maintainable and scalable application.

## CERTIFICATIONS & TECHNICAL SKILLS

---

**Certifications:** Associate Android Developer (Google), Android Developer Expert (Dicoding Indonesia)

**Programming Languages:** Kotlin, Java, Dart

**Frameworks and Tools:** Jetpack Compose, Dagger Hilt, GetX, Git

**Concepts:** Clean Architecture, MVVM, MVC, Agile Development
